Barb,

Well, I guess this will be my year riding on the
bus with you, but I wish it was more. I will
always remember the times we have had, and forgive
me the time I got mad at you for a week or more.

And when you get your driver's licence you ought
to be a good driver, that is shiftly person. I also
would warn anyone who ever told you to
get out of a car and start walking, you
would. I know. Well, Barb, hope you
have the best of luck in your junior & senior
years, they are the best. Love-By from an old
friend & pal.

Phyllis Hall.

Our Principal, in spite of his many administrative duties, is always ready to share the joys and the problems of each individual student.

Principal's Message

May the following words inspire the students of Lapel High School to go on dreaming, don't give way to sorrow and despair—Don't be chained to mundane things by weights of worldly care . . . Rise on rainbow wings of hope, have faith, believe, dream on—though it seems that life has finished and the best has gone.

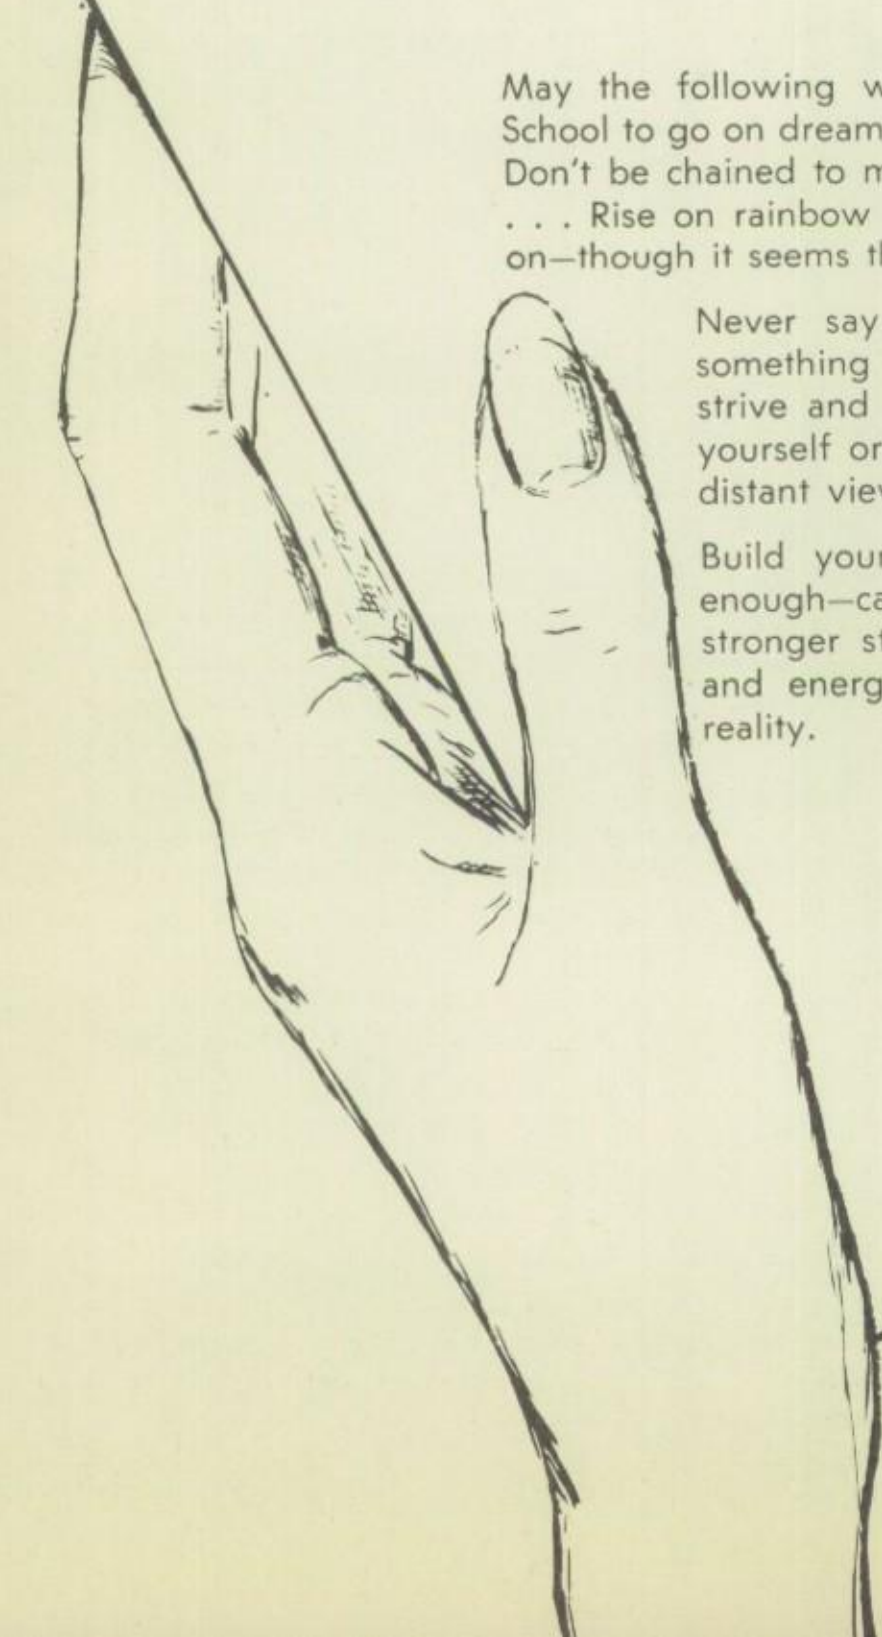

Never say you've reached the end—there's always something more—something grand and wonderful to strive and struggle for . . . Don't build walls around yourself or shroud the window pane—look out on the distant view and dare to dream again.

Build your castles, but remember dreams are not enough—castles must be under pinned with sterner, stronger stuff . . . Courage and determination, faith and energy: These we need to turn a dream into reality.

MR. BEACHUM CAMPBELL

THE JANITOR MAN

The Janitor man, he fixes things,
And cleans and sweeps and brings,
And locks the doors and windows, too,
And that's enough for him to do,
For he has helpers, too, you see,
And keeps them busy as can be.
He builds the fires and shovels coal,
And smiles to see the black smoke roll.
And when he thinks its going to storm,
He makes it very nice and warm;
He shuts the windows and the doors,
And we all sit and let it roar.
So we all like the Janitor man,
Janitor, Janitor, Janitor man.

Band

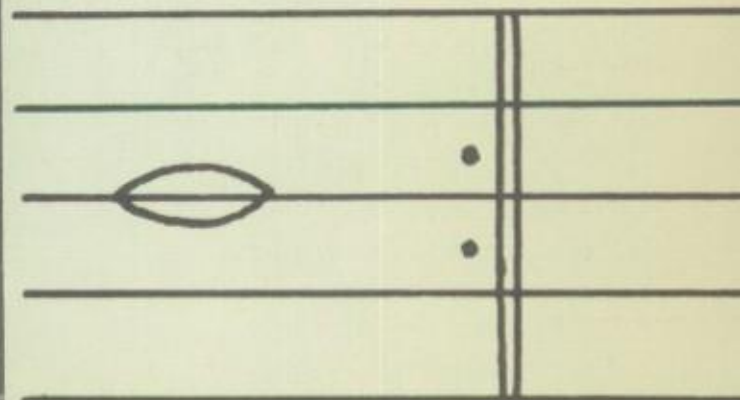

Perhaps one of our assets to the name of Lapel has been the High School Band. Under the able leadership of Mrs. Evelyn Mousa, the organization has added color to our school and its activities, giving freely of their time and their talents. They are working toward the future—to bring honors, fame and success to our school.

Choose Your Goals...

they are yours to attain

Graduation is a lot like the launching of a ship. Both mark the end of a period of preparation.

Behind a launching are years of planning and building—of fitting out with all the gear needed for fair and foul weather.

Behind graduation are years of acquiring information—of practice in exercising judgment and in setting values. All are intended to equip you to make the right decisions in the years to come. Behind, too, are the good times you've had, the companionship of many friends—and the

wise counsel of those who have been your teachers.

As you chart your course toward a new goal—whether it be the pursuit of a higher education or success in earning your own way—be thankful for the American tradition of individual freedom. Because of it, you are free to choose your goal. And you are free to achieve it by your own hands and brain, by your energy and industry, by your determination and self-reliance.

Good luck and Godspeed!

Patsy, you have been
in several of my classes
& ought to know how
to take me by this time. Ha!
And I'm sure you never
will forget those "awful"
history tests.

I shall always remember
my visit to your church.
It meant much to me.
May you always remember
some of the things which
I have tried to teach you,
& have much happiness
in life. Mrs. Thomas.
